

Remote Learning During Self Isolation

We are currently providing remote learning for all children who are absent from school due to Covid-19 self-isolation or illness. This is available in your child's Google Classroom daily. Teachers are uploading lesson resources and activities. We expect all children to complete this learning if they are fit and able to do so.

Children must ensure that they have accepted all the invitations to the Google classrooms that they have received to their school email address and that they are regularly checking their Google classroom for uploaded tasks and resources. If you experience any problems with your child's remote learning, please send a message to the teacher through Google Classroom, or email the office on lowerschooladmin@preston-manor.com. A message will then be sent to the teacher.

We also ask that parents/carers let us know immediately if your child does not have access to a laptop, computer or tablet which they can use across the day for remote learning. If this is the case, we will provide printed learning as soon as possible to collect from school.
