

## Monitoring your child's attendance to remote lessons on Go4Schools

In order to monitor attendance to remote lessons, teachers are taking a register and logging events for attendance and non-attendance to each lesson. This is shown on Go4Schools under 'behaviour' on the webpage or on the App.

This data is live and will update as soon as the event is logged – so it can be monitored throughout the day.

### Webpage

- Through the website, the information can be accessed by clicking '[behaviour](#)'.
- Your child's timetable can be viewed [here](#) – so you can see what lessons they will be attending that day. However, lesson start times are different and are as follows:
