

Year 1 Curriculum Overview

Spring 2021

Homework is given out every Thursday and is to be returned by the following Tuesday (on Google Classroom). Home reading is to be read and signed every night. Books are exchanged every Wednesday.

Library: 1 Yew & 1 Ash- Thursdays (check letters for book return dates).

PE: 1 Yew every Monday and Tuesday.

1 Ash every Tuesday and Thursday.

Maths

Addition and subtraction: We will be looking at problem solving, number bonds and finding totals of different amounts within 20. We will look at different strategies for addition and subtraction including counting on/backwards and crossing out. We will compare number sentences using $<$, $>$ and $=$ and look at different ways of visualising them such as using part whole models.

Number and place value: Within 50. Counting 50 by making 10s. Numbers to 50. Counting forwards and backwards within 50. Represent numbers to 50.

Science - Animals including humans

We will be studying a variety of common animals; herbivores, carnivores, amphibians and reptiles. We will study the different habitats; woodlands, arctic etc and create an animal research project based on one of the chosen animals.

Topic

Geography: The world around us. Will be identifying different countries on a world map and will be looking into different foods and cultures around the world.

English

Genres: Poetry, instruction texts and stories with repeating patterns (traditional tales).

Reading:

Children will have the opportunity to become familiar with different texts. They will apply their phonic knowledge to decode words when reading and will be exposed to different reading skills where they will be encouraged to clarify the meaning of different words, make predictions, links to home life and summarise.

Writing:

Children will be supported to build confidence with writing from memory simple sentences dictated by the teacher, forming letters correctly and sitting at a table properly holding a pencil comfortably and suitably. They will be encouraged to link their own ideas together to create simple sentences independently to express ideas.

Other subjects

R.E- caring for others/food.

PSHE -1 Decision -Relationships-Keeping clean, families and care.

Art- textiles -to investigate the properties of different materials.

PE - Gymnastics

Computing: purple mash-unit 1.3 pictograms & unit 1.4 Lego builders
