is delighted to welcome our Guest of Honour

Donia Narh

Consultant, Motivator, Teacher and Educator Donia Narh is the Founder and Managing Director of a not for profit organisation (Inspire 2 Change- *INIICHE*) that offers consultancy dedicated to the creation of projects that help students who attend inner city schools. She has also launched over six ground breaking programmes that equip and empower students to excel in education, enterprise and employment.

These projects have helped to combat chronic underachievement and disengagement, while motivating young people to identify talents and achieve their potential. Donia Narh has work with thousands of students, teachers, parents, schools and companies. She currently helms the SYF (Securing Your Future) CONNECT programme, ACES Youth Project and the latter's offshoot ACES Diamond Ball Awards.

She has also launched the 'Change the Story' campaign (www.changingthestory.org.uk) to gather over 1,000 encouraging messages for students and to provide toolkits that will equip them and their parents to become builders of their own futures.
