Blackbeard

Anne Bonney

Pirates were people who sailed on large ships and stole from other ships in the ocean. These terrible people stole money, gold and jewels! How evil!

Pirates sailed all over the world, but most were in the oceans of the Caribbean.

Blackbeard sailed in the Caribbean on a ship called The Queen Anne. His real name was Edward Teach, but he got his nickname from his big black beard. Anne Bonney was a female pirate with red hair who was born in Ireland.

Pirates wore eye patches and pirate hats. Many had pet parrots that sat on their shoulder. Some pirates were friendly and gave food and money away to poor people they met.
