

Sir, the dog ate it!

Tips for homework

At the British Dyslexia Association we believe that every kind of brain should be valued for its unique way of looking at the world. If you or someone you know is living with dyslexia, we are here to support.

Top Tips for homework:

- establish a routine and read the homework tasks together to check understanding
- colour code subjects and make colourful mind maps and flashcards
- discuss and make a plan for a topic, use a visual planner or a whiteboard, with deadlines, revision tasks - small chunks are less overwhelming than a huge project
- help your child check their work, but also encourage the use of a PC or a

smartphone so they can use the spell and grammar check facilities and become more independent

- make a To Do list - crossing off completed tasks leads to a sense of achievement
- encourage older students to make use of after-school study/homework clubs or to work with friends
