

Knowledge Organiser: Year 1 Autumn 2 2023

History - Past and Present

Our topic in History will be a comparison of houses from the **past** and **present**. We will be looking at how houses have changed and why they changed over time.

Stone Age people

These people built temporary homes from wood and animal skins. Stone Age people were hunter-gatherers, who had to catch or find everything they ate. They moved from place to place in search of food.

Iron Age houses

Bronze Age people lived in simple wooden homes. They built simple farms, where people lived in the same room as their animals for warmth and to protect them.

The Tower of London

The castle was built out of white stone. It showed the people how important and how rich he was. It was the tallest building in Britain at the time.

Home Learning – For your project, can you design a wooden house or a castle to show how people lived in the past or present. You can use cardboard, sticks and grass. If you can't make house, you can draw them or write some facts. Kindly ask your parents for help. Bring these projects on the first day back from the half term break. The best project will win a prize.
