

Preston Manor Lower School Relationships, Health and Sex Education

Year 6

New Guidance

- ▶ Health and Relationships Education is mandatory in all state-funded Primary Schools starting September 2020.
- ▶ As parents/carers, you have the right to withdraw your child from all or parts of Sex Education lessons, but not Health and Relationships Education lessons.
- ▶ There is only 1 element of sex education, which happens in Year 6. Year 6 parents can withdraw their child from this if they wish.

Sex Education Curriculum

The topics below are part of the optional Sex Education lessons (which you have a right to withdraw from):

- ▶ Conception, including IVF
- ▶ Sexual intercourse
- ▶ Birth

The topics below are considered part of the mandatory Health Education and Science lessons:

- ▶ Naming body parts
- ▶ Changing adolescent body and puberty
- ▶ Sexual reproduction in animals

Aim of this meeting

You will have the opportunity to look at the content of these lessons, and have a discussion with the teacher, prior to them being taught.

Overview of RHSE Curriculum for Year 6:

- ▶ Conception
- ▶ Reproduction
- ▶ Pregnancy

Conception/Reproduction

The following slides on conception are clips taken from the video that is shown to the children. They are not shown actually full nudity. This is only represented in the form of diagrams and cartoon.

The clips deal with the themes

What is the correct term for the act in which a baby is naturally conceived?

- Sexual intercourse (sex)
- Special cuddle
- Love making

Where in the male body is semen produced?

- Penis
- Testicles
- Bladder

Conception/Reproduction

True or false?

Every time adults have sex a baby is conceived.

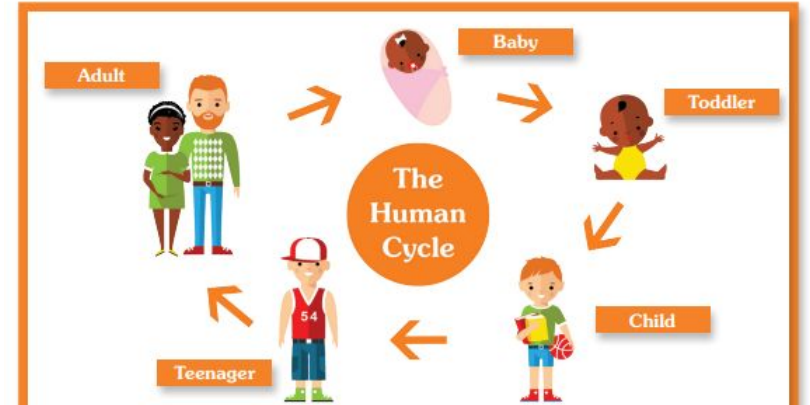

FALSE

A baby is not conceived every time adults have sex. An egg from a woman is not always available for fertilization. You can research the cycle of the female egg for more information. Adults can also use contraception to prevent a baby being conceived.

The Human Cycle

Look at the baby in the human cycle. How was the baby created?
Write your ideas below.

True or false?

Sexual intercourse is the only way to have a baby.

FALSE

There are different ways for adults to have a baby that do not include having sex, such as IVF treatment. You may want to explore the different options.

Conception

Conception is the process of conceiving a baby.
