

Monday 4 December 2023

Dear Parents and Carers,

Re: Bug Club subscription is ending

I just wanted to inform all parents that as of the 10th December 2023 the schools subscription for Bug Club is ending. This will mean that children will not be able to access this website any further.

All children will still be bringing home reading books daily, which must be read everyday and reading records signed, and library books fortnightly which are their reading for pleasure books. Added to this, Key Stage 2 children will have their home learning on the Atom Learning platform daily and Key Stage 1 children still have their printed home learning and Reception and Key Stage 1 children have access to online reading opportunities through the Oxford Owl website.

Thank you all for your continued support for the academic development of our children.

Yours sincerely,

Mr K Atkinson
Head of Lower School
