

Temperate climate

- Temperate climate has some hot weather and some cold weather.
- The UK experiences temperate climates.
- There is usually high rainfall closer to the sea.
- There are four seasons: winter, spring, summer and autumn.

Savanna climate

- The Savanna climate is usually wet in summer and dry in winter.
- There are two seasons: dry (winter) and wet (summer) on the African Savanna.
- The Savanna is extremely rich in grass and tree life.
- Large herbivores such as giraffes and elephants live there.

For your project, design a poster, fact-file or model of any of these aspects of our learning: Deserts, forests, beach, vegetation and animals that live in these different climates. Kindly ask your parents for help. Bring these projects on the first day back after Easter break. The best project will win a prize!
