

# Knowledge Organiser Year 3 - Summer 1 2026

## Geography - Are all settlements the same?

Settlements are communities where people live.

Types of settlement:

### Land use

How communities use land.

**residential land**  
Land used for houses and apartment blocks.

**transportation**  
A way of getting something from one place to another.

**agricultural land**  
Land used for farming, cattle and crops.

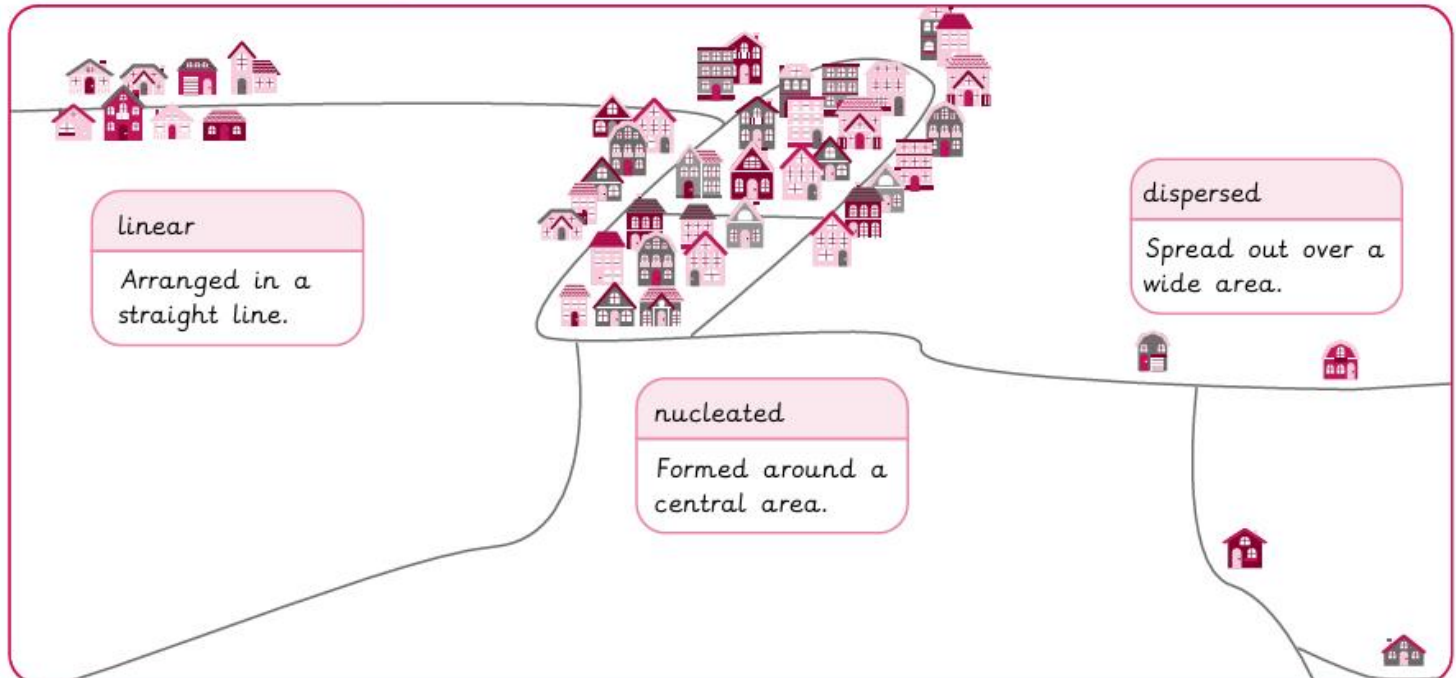

**commercial land**  
Land used for buildings aimed at making money.

**recreational land**  
Land which has buildings providing fun activities.

### Settlement patterns

## Wembley

- 'Wemba lea' is first mentioned in a charter of 825. The name means 'Wemba's clearing'.
- Wembley village grew up on a hill. The surrounding area remained woodland for much of the middle ages.
- In 1547, records show there were six houses in Wembley. In 1661, Wembley had nine large houses, 23 smaller ones and a population of 160 people. By 1871, the population of Wembley had risen to 444.
- Records show that by 1882, there were shops in Wembley. Before this, people had had to walk two miles to Harlesden to find a shop.

## New Delhi

- New Delhi is the capital of India.
- The city was constructed in the early 20th century next to 'Old Delhi.'
- The population of New Delhi is estimated to be around 300,000 people. In Delhi overall, it is estimated that around 35 million people live there!

## Project for Home Learning

**Can you find out more about different settlements and present your learning in a creative way?**

### You could...

- create a Powerpoint presentation showing your research
- create a 3D model of Wembley in the past
- create a 3D model of a village/ city or town
- sketch/paint a picture of a building in New Delhi
- create an information booklet all about different settlements

**...or anything else you can think of!**
